*Imagine that your child were just given the news that the cancer is back. Then....  
Imagine an organization that would grant your child a second wish to help bring a smile to their face,  
making them happy and provides things to improve quality of life while boosting their spirits.  
This is our mission!*

We grant wishes when they are needed most when the cancer comes back. Every pediatric oncology patient is referred to us by a member of the pediatric oncology team, having recurring or long term cancer and must have already received a wish from another organization or do not qualify for one from any other wish organization. Wishes solely benefit the wish child and are designed to improve their quality of life. We currently serve Children's Hospital of Orange County, Jonathon Jaques Cancer Center/Miller Children's in Long Beach, Loma Linda University Children's Hospital, Rady Children's Hospital in San Diego and Kaiser Permanente Anaheim. Our wish children and their families have learned to live in the miracle of the moment. You can help us to create a happy moment during their journey fighting cancer, the most difficult undertaking of their life, by event sponsorship, event underwriting, advertise in our Tribute Program and auction donations.

THANK YOU, in advance, for your support and generosity in helping us make children's lives happier while enduring the hardships of cancer treatments. All monetary donations and event proceeds fund the cost of the wishes. We run a lean organization utilizing the talents of our volunteers. We have granted over 170 wishes with help from people like you. All of our sponsors will be recognized at their sponsorship level, future newsletter and on our website. Once your donation is received, we will send you a donation receipt for your records. I look forward to hearing from you—please feel free to contact us.

Thank You!
